To Whom It May Concern:

I am writing today to ask in the strongest way possible that you maintain the mandate that all "contraceptives" and sterilization procedures be covered by private health insurance with no co-pay to patients. I strongly oppose religious groups and other organizations hiding behind religious exemptions making demands that affect all Americans.

I also urge you to maintain your definition of religious employer. This legal mandate clearly supports a person's right to health care coverage, as is prevalent in many other Western democratic countries. The definition of "religious employer" in the regulation is so narrow as to only include churches. Good! I would prefer NO religious organizations getting any special treatment under the law.

Please protect the rights of Americans, to offer or subsidize contraceptives and sterilization services. No Americans should be without health care coverage as needed!

Sincerely,
Robert Jakubiec
